## **Frank Griffin named Account Manager for Amity Insurance and its Risk Management Division**

QUINCY, MA, ISSUED SEPTEMBER 6, 2006.... Amity Insurance Agency, Inc., a leading national full service agency specializing in the insurance needs of the legal community, commercial/habitational real estate owners, charter schools and the hospitality industry, has named Frank Griffin of Weymouth to an Account Manager's position within its Risk Management Division.

The division, established to complement the traditional services that Amity Insurance offers, seeks to assist clients in evaluating the insurance coverage that they currently have and counsel them as to their potential exposure under current coverage limits.

Griffin will work with a diverse group of clients under Amity's Risk Management Division but will specialize in property and casualty accounts, as well as those in the field of transportation.

The Quincy native was formerly an Area Assistant Vice President at Arthur J. Gallagher Insurance, where he spent 16 years. He resides in Weymouth with his wife and son, and in his spare time enjoys golf, traveling and fishing.

"Risk management is an interesting area to work in," said Griffin, noting, "Unfortunately, many companies think they have sufficient insurance coverage. However, just because they may pay considerable amounts in premiums is no guarantee that the coverage they have is what they need. We look to see if they are covered in the event the unexpected happens, and also to be certain that they are not paying for coverage they don't need."

Roy Solomon, a principal at Amity Insurance, said, "The work that Frank does, as well as the others in the Risk Management Division, is very key. We do not live in a 'one size fits all' world. Some industries have very specific insurance needs, and our Division is committed to seeing that clients have the coverage they need, and understand what is and what is not covered. We urge companies to evaluate their insurance exposure and risk on a regular basis."

Continuing, he noted, "Frank comes to us with a strong industry history and will be a tremendous asset in this division. We're glad to welcome him on board."

### ***About Amity Insurance***
